

### Description

Packstat **PS039** is a translucent double-sided splicing tape consisting of a tissue paper coated with an acrylic adhesive. The special adhesive formulation ensures a good bond even on rough surfaces like cardboard. A high coating weight offers very high tack.

### Product Benefits

- Very high tack.
- High shear resistance.
- High temperature resistance

### Applications

- Splicing of liner and flute in the corrugated board industry.
- Flying splice of paper in newsprint and converting processes.
- Flying splice of heavy paper and cardboard.
